Seabird nesting site

Entry to Mound (Purtaboi) Island, Family Islands National Park (refer to map), is prohibited between 1 October and 31 March, without a permit or written approval.

The closure protects nesting seabirds, which are easily startled and will leave their nests if disturbed. Eggs and chicks are then vulnerable to heat, cold and predators, and can die quickly.

Contravention of a requirement of this notice is an offence against the *Nature Conservation Act 1992*.

Penalties apply. Maximum penalty: 120 penalty units.
