

APPENDIX 2:

Concept Stakeholder Engagement Maps

Smithfield Mountain Bike Park Expansion Project

MASTERPLAN

The maps provided on the following pages depict the Smithfield MTB Trail Network Concept Design and were used by QPWS&P during the concept design stakeholder engagement undertaken in March 2026.

The following maps are included:

1. Existing Trail Network – Shows existing trails, trailheads and service roads / dual use trails.
2. Trail Access – Shows access points, existing and proposed trails, roads / paths, shuttle roads / drop off points.
3. Trail Status – Highlights existing and proposed trails across the network.
4. Trail Difficulty Ratings – Shows difficulty ratings for existing and proposed trails, denoted by the trail colour.
5. Trail Types – Shows the trail types – split between all descending styles and ad2venture XC trails.
